

MACA-ON

Interactive Study Tour Experience
for Macau Heritage Learning

Explore • Learn • Collaborate

More than a tour.
It's a shared
learning adventure.

MACA-ON

Interactive Study Tour Experience for Macau Heritage Learning

Empowering the next generation to **explore**,
connect, and **grow** through Macau's
living heritage.

AUDIENCE

Students

Primary and secondary
students participating in
study tours.

Teachers

Educators seeking structured,
engaging teaching resources.

Institutions

Schools and organizations
aiming to enrich heritage
education.

Heritage meets Learning

OUR VISION

To become the leading digital learning
platform that makes heritage education
engaging, collaborative, and meaningful.

PAIN POINTS

Limited Engagement

Traditional tours are often passive
and fail to capture students' interest.

Disconnected Learning

Heritage sites, classroom content,
and activities are not well integrated.

Lack of Collaboration

Students have limited opportunities
to work together or share insights.

Low Retention & Reflection

Students struggle to reflect and
retain knowledge beyond the
tour experience.

KEY FEATURES

Location-based Exploration

Interactive maps and
GPS-guided tours bring
heritage sites to life.

Collaborative Learning

Group tasks and
discussion spaces
encourage teamwork
and peer learning.

Structured Learning Path

Curated activities aligned
with curriculum goals for
a seamless learning
journey.

AI-powered Reflection

Smart prompts and
insights help students
reflect and deepen
their understanding.

Progress Tracking

Real-time analytics help
teachers monitor engagement
and learning outcomes.

OUR SOLUTION

MACA-ON connects
heritage, exploration,
and collaboration
in one unified platform,
turning study tours
into **impactful
learning experiences**.

Student Experience

From daily planning to reflection, students can explore, connect, ask for help, receive guidance, and review what they learned.

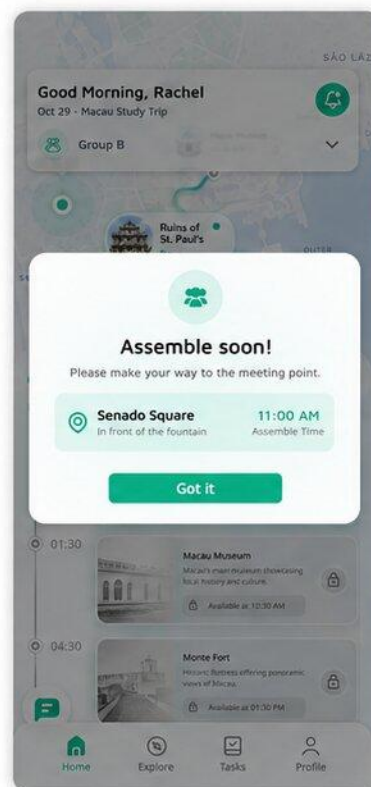

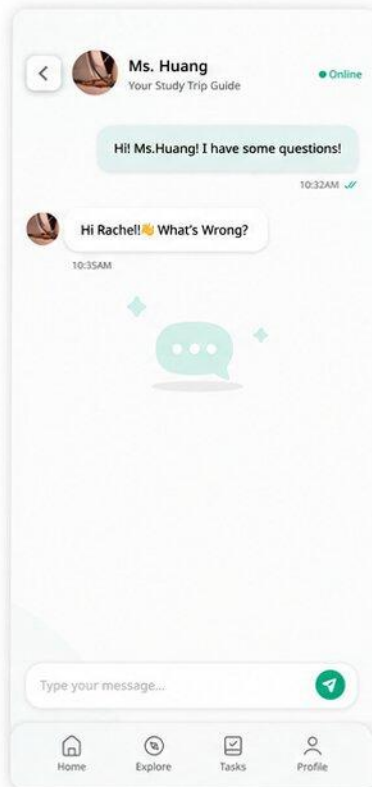

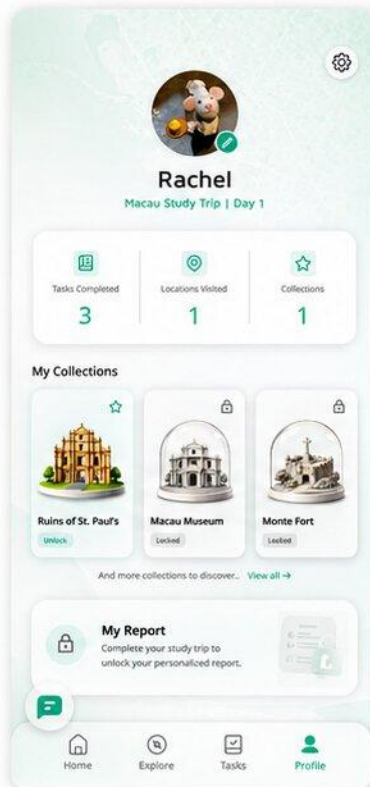

01 Home

02 Profile

03 Chat with Guide

04 Assemble

05 Review

Task-based Learning

Learn through **observation**,
comparison, **answering**,
and **reflection**.

Task Overview

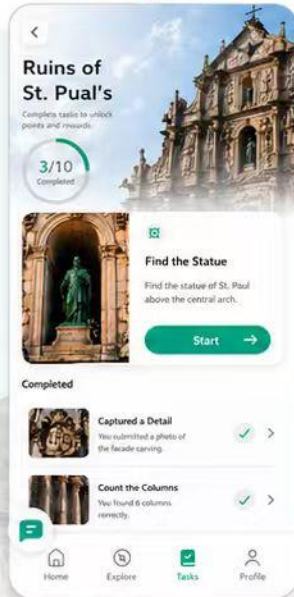

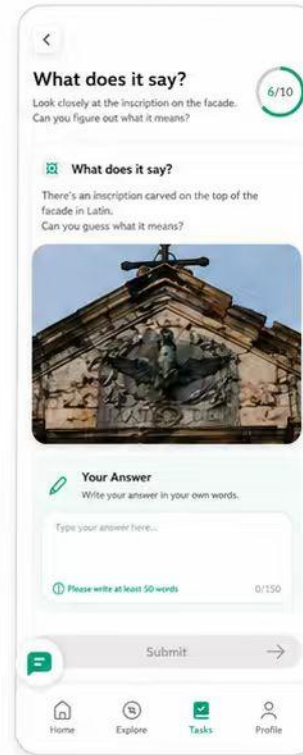

Photo Mission

Spot the Difference

Short Response

Multiple Choice

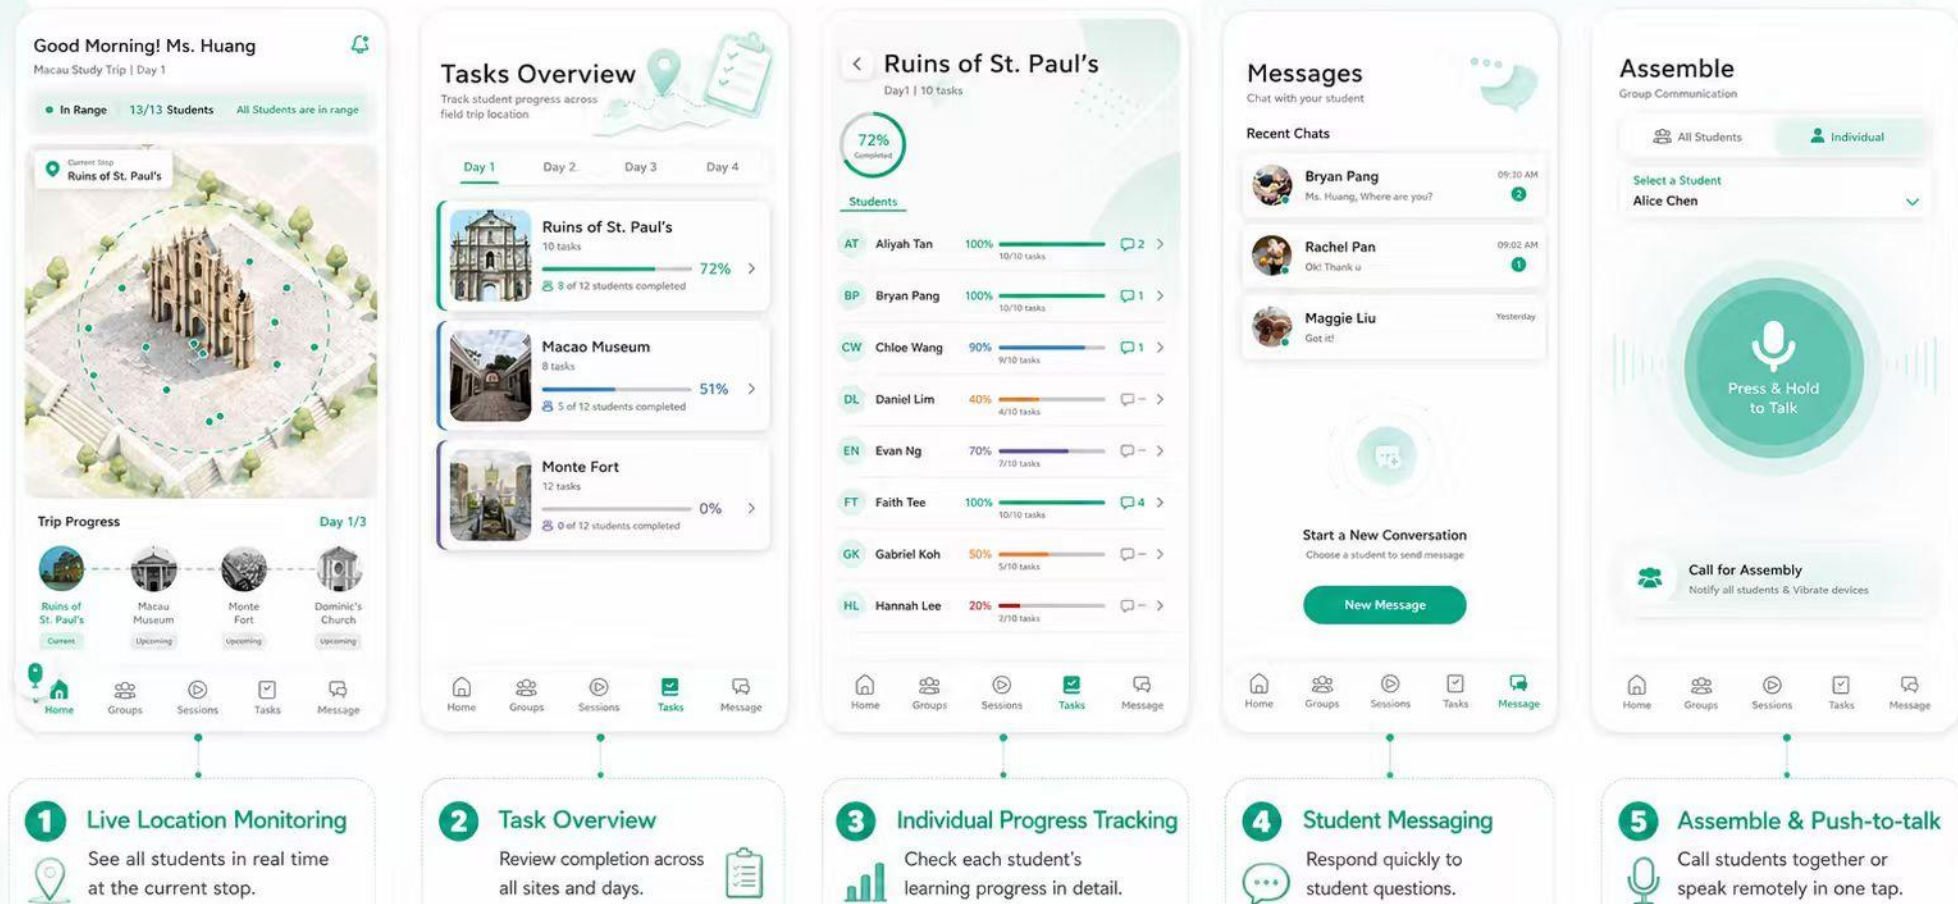

Different tasks. One goal.

Explore heritage, build knowledge, and grow curiosity with every task.

Teacher-side Coordination

Monitor, guide, and communicate during the study tour.

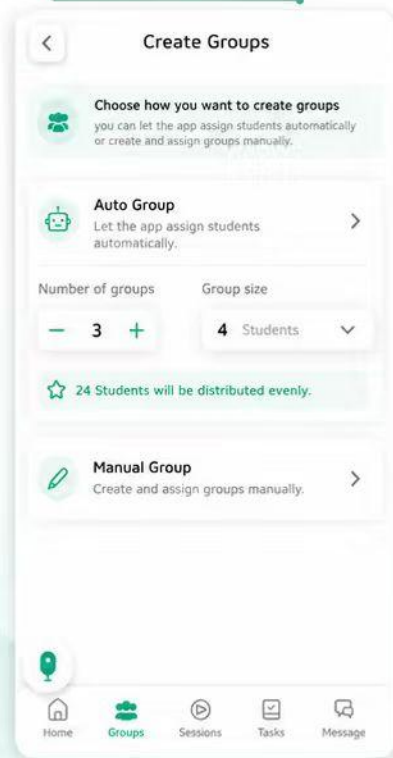

Teacher-side Coordination

Organize groups, manage sessions, and guide students in real time.

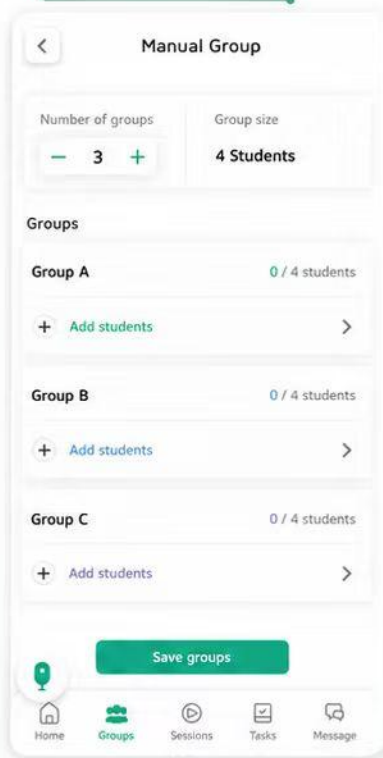

01 Flexible Group Setup

Create groups automatically or assign students manually with full control.

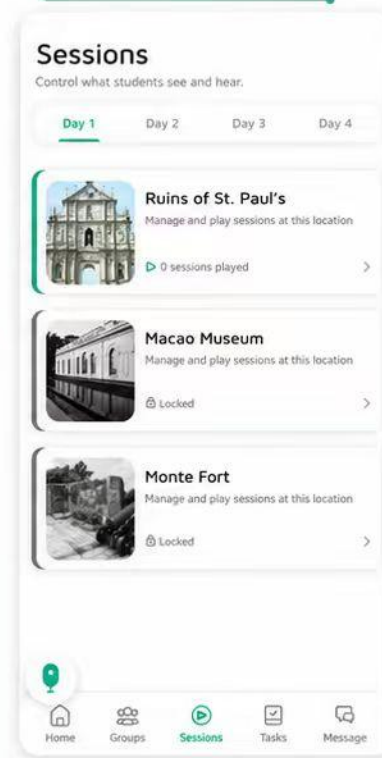

02 Manual Assignment

Adjust group size and place students into each group clearly.

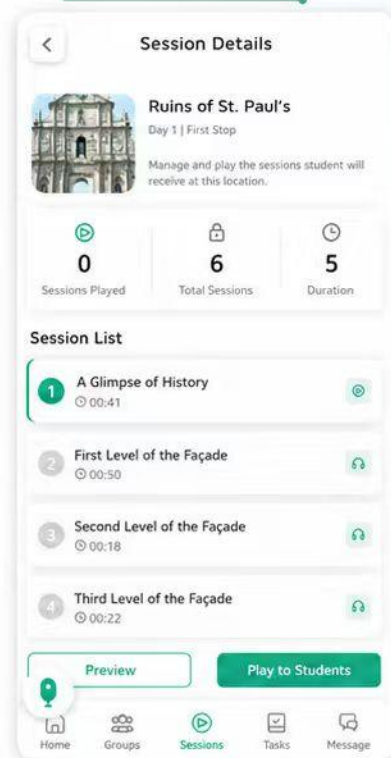

03 Session Scheduling

Manage location-based teaching sessions across the day.

04 Session Control

Preview, unlock, and play content for students at each stop.

MACA-ON

A Shared Journey Across Macau

Explore, learn, and connect through
Macau's heritage.
